

Pre- Kick Off Meeting

Date : Tuesday, 15th July 2014

Place : GSH office, «Monumental» Building C, Kifissias Av. 44, GR 15125 Athens, Greece

Participants :

A/A	Working Group	Company/Academia
1.	Betty Charalampopoulou	GSH
2.	Charis Manesis	GSH
3.	Dr Nikos Grammalidis	CERTH-ITI-VCL
4.	Carmi Zion	Sivan Design (Israel)
5.	Dr. Sagi Dalyot	Technion (Israel)

Coordination on the SW development since that the Israeli part is working in two phases with two different budgets. The first phase will be finalized by the end of November 2014. Then a second phase bid submission will take place in order to be funded.

Kick Off Meeting

Date : Wednesday, 16th July 2014

Place : si-cluster meeting room, «Monumental» Building C, Kifissias Av. 44, GR 15125 Athens, Greece

Participants :

A/A	Working Group	Company/Academia
1.	Betty Charalampopoulou	GSH
2.	Errik Skassis	GSH
3.	Charis Manesis	GSH
4.	Anthi Giourou	GSH
5.	Dr Athanasios Ganas	GSH
6.	Chrisa Liantinioti	GSH

5DMuPLIS 5 Dimensional Multi-Purpose Land Information System

7.	Dimitris Bliziotis	GSH
8.	Vasia Protopappa	GSH
9.	Prof. Charalampos Ioannidis	LoP/NTUA
10.	Prof. Chryssi Potsiou	LoP/NTUA
11.	Dr Nikos Doulamis	LoP/NTUA
12.	Dr Tasos Doulamis	LoP/NTUA
13.	Sofia Soile	LoP/NTUA
14.	George Mourafetis	LoP/NTUA
15.	Vaggelis Maltezos	LoP/NTUA
16.	Stella Verikokou	LoP/NTUA
17.	Dr Nikos Grammalidis	CERTH-ITI-VCL
18.	Dr Kosmas Dimitropoulos	CERTH-ITI-VCL
19.	Carmi Zion	Sivan Design (Israel)
20.	Prof. Yerach Doytsher	Technion (Israel)
21.	Dr. Sagi Dalyot	Technion (Israel)

Greek Coordinator: Geosystems Hellas – Presenter: Betty Charalampopoulou (CEO)

Geosystems Hellas, as the host of the kick off meeting, presented the overall agenda and program of the meeting tuning the conversation in all stages.

A presentation for the work package 3 (WP3), "Data Collection and Integration", was also held, presenting the main objectives, tasks and deliverables, a presentation for the work package 6, "Integration and Evaluation" main objectives, tasks and deliverables were also presented and finally for the work package 7, "Dissemination and Exploitation" stating that the first dissemination action will be held during the 4th Greek Surveying Engineer Symposium which will take place in Thessaloniki on the 26th of September 2014.

Israeli Coordinator: Sivan Design – Presenter: Carmi Zion (Product Manager)

Carmi Zion presented in details the first phase of the 5D MplIS project focusing on the Israeli side. More specifically, he described the web-based software 3D GIS in the Cloud, presenting its uses and applications in the Israeli Cadastre taking into account the 3 dimensions. Furthermore, Carmi Zion presented the objectives, challenges and milestones of the project and described the next moves for the further development and amelioration of the software. Finally, Carmi Zion presented the Live Demo of the software 3D GIS in the Cloud carrying out various applications such as 3D buffering, on the fly constructions, topology connections etc.

**ΕΣΠΑ 2007-2013, Δράση «Διμερής Ε&Τ Συνεργασία Ελλάδα- Ισραήλ 2013-2015»
ΥΠΟΥΡΓΕΙΟ ΠΑΙΔΕΙΑΣ ΚΑΙ ΘΡΗΣΚΕΥΜΑΤΩΝ, Γ.Γ.Ε.Τ., ΕΥΔΕ – ΕΤΑΚ**

The main issue is that the Israeli part is working in two phases with two different budgets. The first phase will be finalized by the end of November 2014. Then a second phase bid submission will take place in order to be funded.

A presentation of the Israeli first phase project with a Gantt with deliverables and dates was presented.

NTUA/LOP – Presenter: Charalambos Ioannides (Professor)

Dr Charalambos Ioannides presented the role and motivation of the Laboratory of Photogrammetry of the National Technical University of Athens analyzing the main objectives of the project for the Greek side. Furthermore, a brief description of the proposed methodology was presented giving great emphasis on the research activities and on the evaluation of the process. Moreover, an extensive presentation of all the work packages was held describing the objectives and deliverables for each unique section.

Technion – Presenters: Prof. Yerach Doytsher, Dr. Sagi Dalyot

Professor Doytsher and Dr. Dalyot presented their technical background and expertise regarding the 5D MuPLIS Project.

CERTH-ITI-VCL – Presenter: Dr. Nikos Grammalidis (Senior Researcher)

Dr. Nikos Grammalidis gave a general review of the Centre for Research and Technology Hellas (CERTH) and described the role and research areas of the Information Technologies Institute (IIT). Moreover, the research interests and the related research projects to 5D MuPLIS Project were also presented, explaining how the Visual Computing Lab's expertise will contribute to the various tasks during the work packages.

NTUA/LOP – Presenters: Dr. Anastasios Doulamis, Dr. Nikolaos Doulamis

Dr. Anastasios Doulamis and Dr. Nikolaos Doulamis presented the impacts and benefits of the 5D MUPLIS Project analyzing the two different application scenarios in both Greek and Israeli case and presented a compendious description of the methodology that will be carried out.

During the kick off Meeting the logo template for the whole project, technical report and presentations was also defined after the unanimous agreement of all the partners.

ID	Open Action Points - Description	When
01	Web site	End of July
02	Participation and Program for the Thessaloniki event -26th of September 2014 event	End of August

03	Dr. Sagi Dalyot Participation with a speech on the Thessaloniki event - 26th of September 2014	To be confirmed by the end of August
04	Meeting with the GSRT supervisor	To be confirmed by the 25/07
05	ERDAS Imagine / 3D viewer & SDK – desktop to CERTH	End of July
